About Shri Vaishnav Trust

The **Shri Vaishnav Trust** has a proud legacy dating back to 1884, when compassionate Vaishnav cloth merchants of Indore laid its foundation. Over the years, it has grown into a dynamic trust dedicated to nation-building through education, healthcare, and social welfare. Guided by the Shri Vaishnav Sahayak Kapada Market Committee, the Shri Vaishnav Shaikshanik Evam Parmarthik Nyas was established in 1981, and since then has worked tirelessly to uplift society. Today, the Shri Vaishnav Vidyapeeth Trust continues this mission — offering world-class education, promoting research, and serving communities, all with the vision of improving lives and shaping a brighter future.

About Shri Vaishnav Vidyapeeth Vishwavidyalaya

Shri Vaishnav Vidyapeeth Vishwavidyalaya (SVVV), established in 2015 in Indore, Madhya Pradesh, is a private university under the ageis142-year-old Shri Vaishnav Trust . Despite being young, SVVV has grown rapidly with over 7,000 students in various disciplines, offering undergraduate, postgraduate, dual degree, and doctoral programs in architecture, Planning, Fine Arts, Science, Engineering, computer Application, Management, social sciences, law, Agriculture, Paramedical sciences, Pharmacy, Education, Food & Nutrition etc.

About Indian Association of Physics Teachers (IAPT)

The **Indian Association of Physics Teachers (IAPT)** is a professional organisation established in 1984 under the visionary leadership of Late Dr. D. P. Khandelwal, with the aim of improving the quality of Physics education and enhancing the professional development of Physics teachers at all levels. Over the years, IAPT has grown into a major national organisation with more than 10,000 life members associated with nearly 1,500 institutions across India. It also has approximately 100 members from overseas. IAPT works through its Regional Councils spread across different parts of the country, promoting collaboration among Physics teachers, educators, researchers, and students. The association organises seminars, workshops, conferences, teacher-training programmes, and academic activities to strengthen Physics teaching and learning. It also encourages students through Physics Olympiads, examinations, competitions, and other enrichment programmes. IAPT continues to contribute significantly to the development of Physics education and the professional growth of Physics teachers in India.
